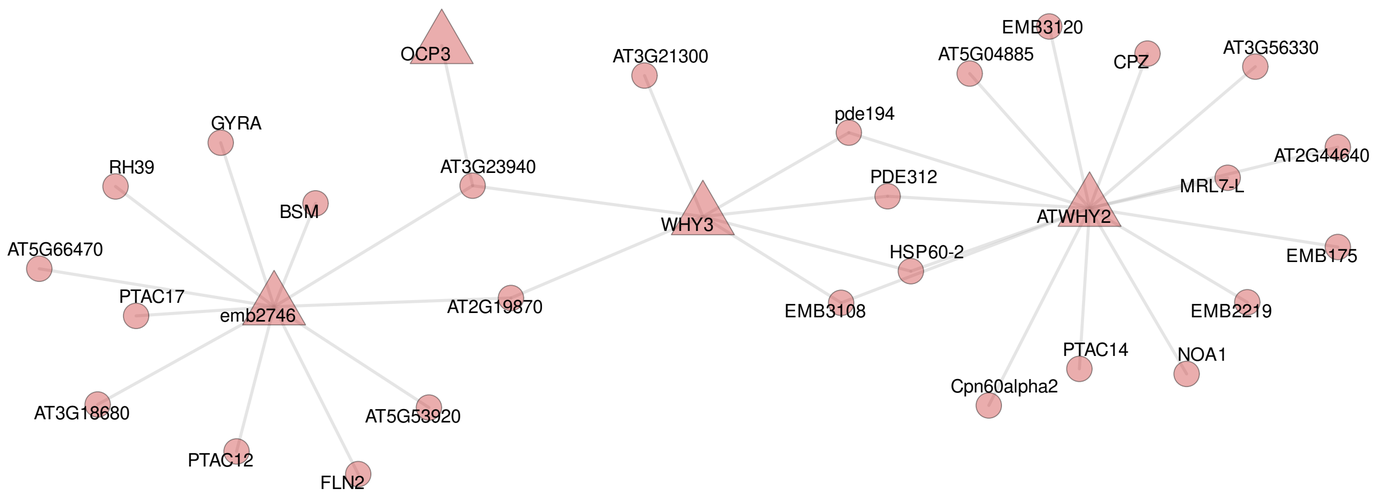
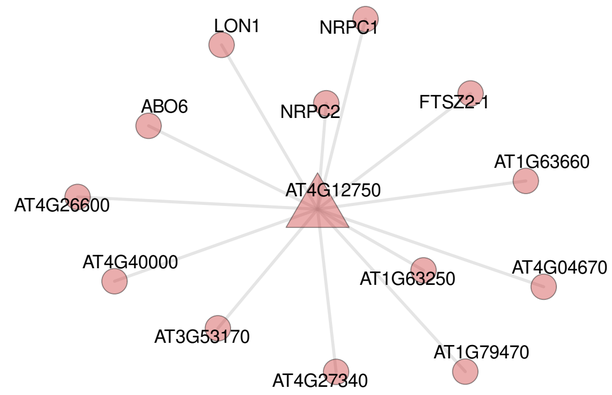
Gene Coexpression Network

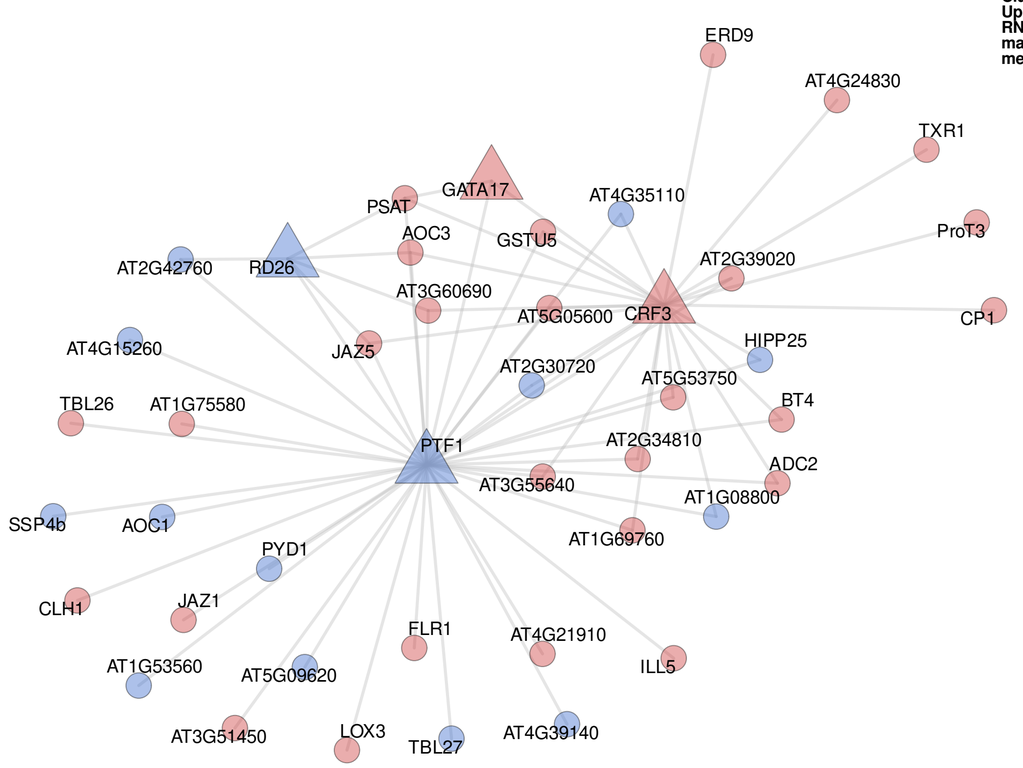
Node color = Expression Direction
Edge color - power of correlation

Cluster 3
Up: 36
rRNA processing
ribonucleoprotein complex biogenesis
ribosome biogenesis



Cluster 2
Up: 31
plastid transcription
plastid organization
chloroplast organization





Cluster 4
Up: 14
RNA methylation
macromolecule methylation
methylation

Cluster 1
Up: 29, Down: 15
response to jasmonic acid
response to fatty acid
response to wounding

Gene Type ○ Gene △ TF

Expression Direction Up Down

Edge Type Weak
